Note: Reconditioned dashboards are supplied with matching glovebox lids. If the old unit dashboard has extra holes for switches or gauges then this should be sent (complete with glovebox lid) to us so that unnecessary work cutting holes in a reconditioned dashboard is avoided. If a dashboard obtained under the surcharge system is returned to us with extra holes (which will require filling before reconditioning) then some of the surcharge will be reversed. If there is any doubt it is advisable to send the original dashboard for reconditioning.
